## SPICA

## FEATURES

Used for $V$ cutting, arrow cutting, $45^{\circ}$ cutting and $90^{\circ}$ notching processes of aluminum and PVC (Vinyl) profiles.

- Wide profile cutting with $\emptyset 500$ mm saw blade
- Hydro-Pneumatic cutting process
- Adjustable saw blade travel speed to the profiles
- Double hand start

## Standard Equipment

- Ø $3^{15} / 16$ " saw (2 pcs.)
- Cooling system
- V cutting set with Pneumatic clamps

## Optional Equipment

- Right and left conveyor ( $90^{\circ}$ notching, 59")
- $90^{\circ}$ notching set with Pneumatic clamps
- Right and left conveyor (V cutting, 119")
